

**"Wonderful" Reviews of our
"For Good" Wicked Girl Scouts Day on Broadway
June 4, 2011**

“As a teacher myself, I know how hard it is to provide a program that both entertains and informs the audience. What you did today was nothing short of fantastic. The girls could not stop talking about the experience. They loved learning the songs and choreography and being a part of the show. Thank you again for a day we won’t forget. Everyone involved, from the performers to the people guiding us with the signs outside, made our day Wickedly good.”

-Elena Maloney, Troop 324

“Thank you so much for this program and I am sure others have said it but this program may have changed some lives. Most of the girls in our troop have not had any exposure to a professional theatrical event and most have not been out of northern New England. With that said, this was been a chance of a lifetime for them to get out of our small town in Maine.”

-Aleta Pickens, Troop 966

“I wanted to let you know what a wonderful, soulful, experience Saturday was for the adults and kids alike. Your work in this regard will have ripple effects, some of which may not be fully realized until some of these kids are adults.”

-Sheila Duffner, Troop 185

“I had never seen "Wicked" before, but now know why so many people love it -- a phenomenal show! Our girls had an awesome time. Thank you for all your support in helping us put our trip together!”

-Joanne Bedell, Troop 2109
